

Frequently Asked Questions

The following new arrangements for NITTP will be effective from 1 August 2025 –

- NITTP will subsidise local companies on a **1:1 matching basis** (originally 2:1) to train their staff in advanced technologies.
- Each company is subject to a funding ceiling of **HK\$250,000** (originally HK\$500,000) in each financial year at the course commencement date.
- Each trainee is entitled to one course per financial year on a per-person basis.

The **new training grant matching ratio does not apply** to course registrations (including public and tailor-made, local and non-local) submitted before 1 August 2025, regardless of the submission date of the associated training grant applications. Partial advance payments submitted before 1 August 2025, where applicable, are also unaffected.

The **new arrangement** on funding ceiling per financial year and the limit on course per financial year per trainee **apply to all training grant applications and course registrations** (both public and tailor-made, local and non-local) application **submitted on or after 1 August 2025**. For avoidance of doubt, the following are not eligible for additional training grant in FY2025-2026 -

- Companies that received \$250,000 or more in approved training grant from 1 April to 31 July 2025; and
- Trainees who received approval from 1 April to 31 July 2025 to any training.
